focus on research, creativity, and industry collaboration, ADYPU aims to equip students with the skills and knowledge to excel in their respective fields.

ABOUT SCHOOL OF DESIGN (SOD):

Founded in 2010 as the Automotive and Research Center under DYP DC, the School of Design transitioned into a vibrant hub of limitless innovation in 2015. Initially focused on Automotive Design, we have since expanded our horizons, introducing diverse programs that redefine design education.

At the School of Design, we nurture adaptable, forward-thinking creators ready to shape ideas with global impact. Our BDes, MDes, and PGD programs blend immersive learning with practical expertise, offering a transformative journey that reshapes how students see and practice design. Step into a world where creativity knows no bounds — join us and redefine the future of design!

VISION:

The ADYPU School of Design blends creativity with education, offering a space for students to explore their passions, refine their skills, and turn concepts into impactful products and experiences.

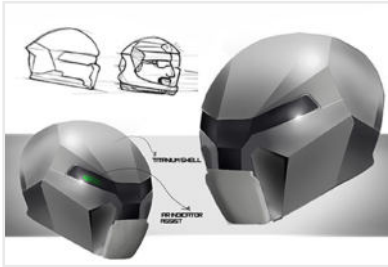

Our vision emphasizes innovation and creativity, fostering a culture of experimentation and ambitious projects that push the boundaries of design.

Equipped with state-of-the-art technology and tools, the school empowers students to explore new forms of media and design.

MISSION:

The School of Design is dedicated to fostering design excellence by providing a comprehensive education rooted in design theory, practice, and real-world experience through internships, projects, and industry collaborations. We prioritize diversity and inclusivity in all aspects of our mission.

EXPLORE OUR COMPREHENSIVE DESIGN PROGRAMS

Undergraduate Programs (B.Des):

Transportation Design:

Design the vehicles of the future with a focus on sustainability and innovation.

Product Design:

Bring ideas to life with functional and aesthetic product solutions.

Visual Communication:

Craft impactful visual stories using design, photography, and media.

Fashion Design:

Revolutionize the world of style with creative and sustainable fashion solutions.

UI/UX Design:

Create seamless digital experiences with a user-first approach.

Interior Design:

Design functional and inspiring spaces that cater to the needs and aesthetics for users.

Postgraduate Programs (M.Des):

Transportation Design:

Master advanced vehicle design and future mobility concepts.

UI/UX Design:

Dive deeper into creating intuitive digital experiences.

Post Graduate Diploma (PGDM):

Digital Modelling:

Learn to create high-quality 3D models and digital prototypes using advanced digital tools.
